Palmer Ranch Master Association Board

There are many property types on Palmer Ranch. For purposes of classification and representation to the Master Association they are: Residential, Commercial / Industrial, and Recreational.

What makes up the Board of Trustees of the Master Association? There are fifteen (15) Board Members; ten (10) are elected from Residential Members, three (3) from Commercial-Industrial and two (2) from Recreational Members. The Declarant has exercised its option by appointing a sixteenth member to the Board.

In addition to the work that they do for the Ranch on an ongoing basis, The Board Members assemble for 6 scheduled meetings each year. The meetings are held in person and by Zoom. The meeting location varies. Members of Palmer Ranch may attend.

The 2024 Board Meeting Schedule is as Follows:

- January 18th
- March 21st (Annual Members & Organizational Meeting)
- May 16th
- July 18th
- September 19th
- November 21st

** All meetings convene at 3:00pm ET **

Meeting agendas and minutes are posted on PalmerRanch.net

Prior to meeting, a sign and agenda holder are staked in the 2nd median on Palmer Ranch Pkwy. just east of Beneva Road.

Sue's Grounds Corner

Lightning Reminder

This month's Grounds Corner features a reminder about the strength and danger of LIGHTNING. PLEASE seek shelter and do NOT go outside while we are in the beginning, middle, or end of one of our major afternoon rainstorms.

A lightning strike recently happened at Promenade on Palmer Ranch, at the corner of McIntosh and Sawyer Loop. If anyone had been outside nearby when this happened – this likely would have been a tragedy. The limb from this grandfather oak was literally blown off - hitting the ground and exploding into hundreds of pieces. Several pieces wound up in someone's home - stuck in the wall - after shattering the lanai glass door. Another piece flew right through the upstairs primary bedroom closet door! Thankfully, no one was home when this all occurred.

As Floridians, we're told lightning can strike as far as 10 miles away from the location of rainfall. While I don't want to sound like an alarmist – sometimes experiences like these can serve as a reminder of the power of nature! Be safe!
